bis Dezember 2009 erreichte NetApp Titel:

1.) NetApp Accredited Sales Professional (NASP)
(Prometric exam: NS0-101)

As a NetApp Accredited Sales Professional, you will have proven skills in the foundational knowledge necessary to sell NetApp products and solutions present the NetApp value proposition, and position NetApp against competitors. The content that prepares you to take this exam is only available to internal employees and NetApp Authorized Channel Resellers, and it is only available through NetApp.

2.) NetApp Accredited Storage Architect Professional (NASP) (Prometric exam: NS0-102)

As a NetApp Accredited Storage Architect Professional, you will have proven skills in understanding NetApp technical fundamentals, NetApp infrastructure storage solutions, and NetApp application storage solutions.

3.) Server Virtualization Accredited Professional (SVAP)
(Prometric exam: NS0-201)

As a Server Virtualization Accredited Professional, you will have proven skills in the foundational knowledge necessary to sell NetApp products and solutions, present the NetApp value proposition, and position NetApp against competitors in a virtual environment.

4.) NetApp Certified Data Management Administrator (NCDA) (Prometric exams: NSO-153 & NSO-163)

NetApp Certified Data Management Administrators have proven skills in performing in-depth support, administrative functions, and performance management for NetApp storage appliances running the Data ONTAP® operating system in NFS and Windows® (CIFS) multiprotocol environments. They are able to implement active-active controller configuration and SyncMirror® for continuous data availability and rapid data recovery in the event of a disaster. They also have detailed knowledge of SnapMirror ®, SnapRestore ®, and SnapVault ®, which they use to manage and protect mission-critical data.
